

# SKYLINES

## >>> SPECIAL ANNOUNCEMENT <<<

March 28, 1992

All club members are urged to come to a  
"field exploration and fly in"  
on April 4-5 (rain date: April 11-12) at:

New Market Airport (Valor Field)  
Box 599  
New Market, VA 22844

(703) 740-3949  
Ed Raney, Owner  
Identifier: 8W2

New Market Airport has a 3050' long 60' wide paved runway (24/06) and ca. 1500' long by 100' wide parallel grass strip. There are hangars and tiedowns; gas; an operations building; a picnic area; and shop. The owner is very interested in our moving SKYLINE there, and has invited us down.

The Board of Directors agreed that the New Market Airport is a very desirable soaring location, based on safety, space, traffic, and proximity to the Massanutten Ridge. Since it may prove to be a more attractive site than Front Royal, members are urged to inspect the site and discuss a relocation at the April 18, 1992 meeting.

SKYLINE plans to have its towplane and 2-33 there for members to fly. COME ON DOWN! For more information, call Leo Meacher, (703) 364-2799.
