Newsletter addendum;

A funny thing happened on the way to the printer. Some things got garbled and a misstatement appeared in the November newsletter.

John Winchester is not suing the club over membership. Indeed, John has been very patient in this matter and any statement to the contrary is seriously in error. It seems that after we received his initiation fee he slipped through the the cracks in communication and did not receive any word for several months....until we dunned him for dues. He missed the fun of our Front Royal experience and the move to New Market. While we do not know whether the problem was with the Postal Service or our communications system we do owe him an apology for any inconvenience.

John will try the soaring at New Market so welcome him to some of the best soaring in Virginia.
